

Come in an jine the fun.

It's a duty, I suppose, to be aware of what's going on in the world, but sometimes you just want to turn your back on it all.

Come in an jine the fun,
Come in an jine the fun!
Nae haudin back,
Let's hear yer crack;
Come in an jine the fun!

We're aw skee-hooch in here,
We're aw skee-hooch in here!
It's nae hard graft
Tae be half-daft,
We're aw skee-hooch in here.
Come in an jine...etc.

There's nae restrictions here,
There's nae restrictions here.
There's drink an dames,
An fun an games.
There's nae restrictions here.
Come in an jine... etc.

Nae critics carp in here,
Nae critics carp in here.
We please oorsels,
An naebody tells;
Nae critics carp in here.
Come in an jine... etc.

Come in an jine the fun,
The world outside's undone.
Juist let it stew
While me an you
Step in tae jine the fun!
Come in an jine... etc.
